Dear Form 3 parents, guardians and care-givers

Do you know about Nyatsela? Please write back to me to confirm contact.

Your child is embarking on this exciting three-week journey on 19 July 2019. If you don't know about it, please let me know and I will send you previous correspondence.

We will need to be in contact with you about important details before and during this journey, so please ensure that we have as much contact information as possible.

Please watch out for correspondence about Nyatsela, since this is an initiative which requires good communication in order to be most beneficial!

To check whether I have the best contact details for you, please respond to this communication by sending or confirming the most reliable email addresses and phone details for you and other key guardians in your child's life. We will follow up until we receive a reply for every Form 3 student.

Thank you!
